

Quiz 0

Due Aug 31 at 11:59pm **Points** 4 **Questions** 3 **Available** after Aug 11 at 12am **Time Limit** 5 Minutes
Allowed Attempts Unlimited

Instructions

This quiz has two purposes:

- Introduce you to the timed quizzes we will be using during the semester

- As a poll for us to find out how many of the students have been able to install Anaconda and run a Jupyter Notebook.

This quiz is worth 4 points. Could you install Anaconda? Can you run a notebook? You get two points for answering each question. I'm looking for a response - there are no 'right' answers on this quiz.

Please review the material in Modules/Resources/Before the First Day, and when you have completed the steps, take this quiz.

I am allowing you to take this quiz multiple times. The rest of the semester, you will only be able to take the quiz once.
